

Salute to the Great King of Thailand

His Majesty King Bhumipol Adulyadej, The Great is virtually a living Deity

Who down to earth brought with him the special dignity

To rule the country with serenity, "The Ten Charisma"

To follow strictly, The Preaching of Lord Buddha

Succeeding from the Chakri Dynasty

The first King who established the country in the Ratanakosin era

Celebrating the new kingdom, this precious land has been named The Ancient Siam for longlasting Rama

The capital city with the longest name in history, sounds like a fantasy city in drama

"Krungtep Mahanakorn Amorn Ratanakosin

Mahintara Ayudhya Mahadilok Pop-Noparas

Rajatani Burirom

Udom Rajanives Mahastan

Amornpimarn Ulvatarn Satis

Sakatistaya VesanukamaPrasis"

To sustain the longevity of the country with no dilemma

With special solemnity and unity,

The Nation, The Religion and The Monarch

Are three important things never to be parted

Working so hard but wisely

The ninth King's philosophy is to create the simple art

"To realize and enjoy your freedom

Learning to live at best by your own wisdom

**To bring peace to humanity
Living with others with equal opportunity
Not discriminating who is white or black
Nor dictating what is myth or fact
And to create paradise in the community
Balancing nature with appropriate acts"**

Serving to humanity, despite prosperity, and always with warmest personality

**This gracious King has travelled by land or by sea
Down to the South, from East to West, or gone up North**

His Majesty cannot feel happy if his people are still empty

**On the contrary, he always think of charity
The Chai Pattana Foundation that he created,
Is the best evidence-based action that reflected his thought**

The philosophy of "Appropriate Economy" in his eightieth anniversary

**Is certainly the Gift of Love to save his people from further loss
To light up and remedy all walks of life who can appreciate the reality
The highlight that His Majesty has stressed and genuinely taught**

**Despite sixty-five years of acceding to the throne
He has won his people's hearts because he has not moaned
Several reasons why Thais sacredly love His Majesty very much
Is simply because Your Highness is the King with an everlasting touch**
